INDEPENDENT AUDITOR'S REPORT**

To the General Assembly of Ziraat Katılım Bankası Anonim Şirketi

A. Audit of the Consolidated Financial Statements

1. Qualified Opinion

We have audited the accompanying consolidated financial statements of Ziraat Katılım Bankası Anonim Şirketi (the "Bank"), and its subsidiaries (collectively referred to as the "Group") which comprise the statement of consolidated balance sheet as at 31 December 2023, consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in shareholders' equity, consolidated statement of cash flows for the year then ended and the notes to the consolidated financial statements and a summary of significant accounting policies and consolidated financial statement notes.

In our opinion, except for the effect of the matter on the consolidated financial statements described in the basis for qualified opinion section of our report, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2023, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the Banking Regulation and Supervision Agency ("BRSA") Accounting and Financial Reporting Legislation which includes "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette No.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Board and circulars and interpretations published by BRSA and Turkish Financial Reporting Standards ("TFRS") for those matters not regulated by the aforementioned regulations.

2. Basis for Opinion

As explained in Section Five Part II. 8.c.1 of Explanations and Notes to the Consolidated Financial Statements; the accompanying consolidated financial statements as at 31 December 2023 include a free provision amounting to TRY 500.000 thousand which consist of TRY 1.004.000 thousand provided in prior periods, TRY 96.000 thousand recognized in the current year and TRY 600.000 thousand reversed in the current year by the Group management which is not within the requirements of BRSA Accounting and Financial Reporting Legislation.

Our audit was conducted in accordance with the "Regulation on Independent Audit of Banks" published by the BRSA on the Official Gazette No.29314 dated 2 April 2015 and the Standards on Independent Auditing (the "SIA") that are part of Turkish Standards on Auditing issued by the Public Oversight Accounting and Auditing Standards Authority (the "POA"). Our responsibilities under these standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We hereby declare that we are independent of the Group in accordance with the Ethical Rules for Independent Auditors (including Independence Standards) (the "Ethical Rules") and the ethical requirements regarding independent audit in regulations issued by POA that are relevant to our audit of the consolidated financial statements. We have also fulfilled our other ethical responsibilities in accordance with the Ethical Rules and regulations. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. Key audit matters were addressed in the context of our independent audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion Section we have determined the matters described below to be key audit matters to be communicated in our report.

<i>Key Audit Matters</i>	<i>How the key audit matter was addressed in the audit</i>
<p><i>Expected credit losses for loans and receivables</i></p> <p>The Group has total expected credit losses for loans and receivables amounting to TRY 3.838.655 thousand in respect to total loans and receivables amounting to TRY 263.609.342 thousand which represent a significant portion of the Group's total assets in its consolidated financial statements as at 31 December 2023. Explanations and notes related to expected credit losses provisions for loans and receivables are presented Section Three VII, Section Three VIII, Section Four II, Section Four IX-3, Section Five I-6 and Section Five II-8 in the accompanying consolidated financial statements as at 31 December 2023.</p> <p>The Group recognizes provision for impairment in accordance with "TFRS 9 Financial Instruments" ("TFRS 9") requirements effective in line with the "Regulation on the Procedures and Principles for Classification of Loans and Provisions to be Provided" as published in the Official Gazette dated 22 June 2016 numbered 29750. The Group exercises significant decisions using subjective judgement, interpretation and assumptions over when and how much to record as loan impairment.</p>	<p>With respect to stage classification of loans and receivables and calculation of expected credit losses, we have assessed policy, procedure and management principles of the Group within the scope of our audit. We tested the design and the operating effectiveness of relevant systems and processes implemented in accordance with these principles.</p> <p>For important loan portfolios, we checked appropriateness of matters considered in methodology applied by the Group with TFRS 9 for calculation of the provision amount through stage classification of loans and receivables. For forward looking assumptions made by the Group's management in its expected credit losses calculations, we held discussions with management and evaluated the assumptions using publicly available information. Regarding expected credit losses methodology; we have assessed and tested appropriateness of model segmentation, lifetime probability of default model, loss given default model, and approaches in relation to projection of macroeconomic expectations with our financial risk experts.</p>

<i>Key Audit Matters</i>	<i>How the key audit matter was addressed in the audit</i>
<p>The Group uses complex models derived from more than one system to calculate the expected loan loss provision. Information including past events, current conditions and macroeconomic estimates which are taken into account in expected loss provision accounting should be reasonable and supportable.</p> <p>Our audit was focused on this area due to existence of complex estimates and information used in the impairment assessment such as macro-economic expectations, current conditions, historical loss experiences; the significance of the loans and receivables balances; the classification of loans and receivables as per their credit risk (staging) and the importance of determination of the associated expected credit loss. Timely and correct identification of default event and significant increase in credit risk and level of judgements and estimations made by the management have significant impacts on the amount of impairment provisions for loans and receivables. Therefore, this area is considered as key audit matter.</p>	<p>We have assessed expert judgment utilized in interpretation of supportable forward looking expectations (including macroeconomic factors).</p> <p>Together with our financial risk experts, we evaluated and tested reasonableness of the changes in the expected credit loss allowance methodology made within the year and the performance of the impairment models used.</p> <p>We have checked selected models used in determination of expected loss provisions for various loans and receivables portfolios with our financial risk experts by reperforming on a sample selection basis.</p> <p>We checked key data sources for data used in expected credit losses calculations. We tested reliability and completeness of the data used in expected credit losses calculations with our information systems specialists.</p> <p>For a selected sample, we checked accuracy of resultant expected credit losses calculations.</p> <p>To assess appropriateness of the Group's determination of staging for credit risk for loans and receivables within the framework of current regulations, identification of impairment and timely and appropriate provisioning for impairment we have performed loan review procedures based on a selected sample.</p> <p>We evaluated the adequacy of the disclosures made in the consolidated financial statements regarding the provision for impairment of loans and receivables.</p>

4. Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Group management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the BRSA Accounting and Financial Reporting Legislation, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Responsibilities of independent auditors in an independent audit are as follows:

Our aim is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance expressed as a result of an independent audit conducted in accordance with "Regulation on Independent Audit of Banks" published by the BRSA on the Official Gazette No.29314 dated 2 April 2015 and SIA is a high level of assurance but does not guarantee that a material misstatement will always be detected. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an independent audit conducted in accordance with "Regulation on Independent Audit of Banks" published by the BRSA on the Official Gazette No.29314 dated 2 April 2015 and SIA, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement in the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Assess the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our independent auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence. We also communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

B. Other Responsibilities Arising From Regulatory Requirements

1. No matter has come to our attention that is significant according to subparagraph 4 of Article 402 of Turkish Commercial Code ("TCC") No. 6102 and that causes us to believe that the Bank's bookkeeping activities concerning the period from 1 January to 31 December 2023 period are not in compliance with the TCC and provisions of the Bank's articles of association related to financial reporting.
2. In accordance with subparagraph 4 of Article 402 of the TCC, the Board of Directors submitted the necessary explanations to us and provided the documents required within the context of our audit.

Additional Paragraph for Convenience Translation

BRSA Accounting and Financial Reporting Legislation explained in detail in Section Three differ from International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board including the application of IAS 29 - Financial Reporting in Hyperinflationary Economies as of 31 December 2023. Accordingly, the accompanying consolidated financial statements are not intended to present fairly the consolidated financial position, results of operations, changes in equity and cash flows of the Group in accordance with IFRS.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 DECEMBER 2023

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

GENERAL INFORMATION ABOUT THE GROUP (Continued)

IV. INFORMATION ABOUT THE PERSONS AND INSTITUTIONS THAT HAVE QUALIFIED SHARES ATTRIBUTABLE TO THE PARENT BANK

Name / Trade Name	Share Amount	Shareholding Percentage	Paid Shares	Unpaid Shares
T.C. Ziraat Bankası A.Ş.	10.350.000	100,00	10.350.000	-
Total	10.350.000	100,00	10.350.000	-

V. EXPLANATIONS OF THE BANK'S SERVICES AND FIELD OF OPERATIONS

Operation field of Bank was declared in the prime contract within the scope of Banking Law and other legislation codes. The bank collects funds with the scope of Banking Principles and provide all type of cash, non-cash funds within the scope of Islamic banking principles in any case. Moreover, the Bank operates its participation banking operations to the extent permitted by the Legal Code, for the benefit of the society within the principles of the participation banking such as for the purpose of society.

The Bank sorts out participation accounts and participation accounts based on investment proxy contracts discretely from the other accounts in its account records in terms of their maturity. Participation accounts are opened in 5 maturity groups as maturity to one month, maturity to three months (three months included), maturity to six months (six months included), maturity to one year (one year included) and maturity to one year or more (with dividend payment of one month, 3 months, six months and annually). Participation accounts based on investment proxies can be opened under the entire maturity group, with a maturity of less than one month.

The Bank can freely determine the profit participation rates arising from the operation of participation accounts or the estimated profit rate for investment proxies. The rate of participation in the loss participation accounts can be applied as one hundred percent.

As of 31 December 2023, the Bank operates a total of 191 branches domestically and abroad, with 189 branches within the country and, as of 27 August 2020, the branch in Sudan and, as of 5 September 2023, the branch in Somalia (31 December 2022: 155 domestic, 1 abroad). As of 31 December 2023, the Bank's personnel count is 2.430 (31 December 2022: 1.904).

VI. DIFFERENCES BETWEEN THE COMMUNIQUE ON PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS OF BANKS AND TURKISH ACCOUNTING STANDARDS AND SHORT EXPLANATION ABOUT THE ENTITIES SUBJECT TO FULL CONSOLIDATION OR PROPORTIONAL CONSOLIDATION AND ENTITIES WHICH ARE DEDUCTED FROM EQUITY OR ENTITIES WHICH ARE NOT INCLUDED IN THESE THREE METHODS

There is no difference between consolidated financial statements prepared in accordance with BRSA regulation on the preparation of consolidated financial statements and consolidated financial statements prepared in accordance with Turkish Accounting Standards for the Bank. The Bank's subsidiary Ziraat Katılım Varlık Kiralama A.Ş. which is established on 22 January 2016 and ZKB Varlık Kiralama A.Ş. which is established in 8 September 2017 are consolidated within the scope of full consolidation.

VII. CURRENT OR LIKELY ACTUAL LEGAL BARRIERS TO IMMEDIATE TRANSFER OF EQUITY OR REPAYMENT OF DEBTS BETWEEN THE PARENT BANK AND ITS SUBSIDIARIES

None.

(*) Profit distribution is decided by the General Assembly of the Parent Bank. As of the preparation date of the consolidated financial statements, the General Assembly meeting for 2023 has not been held yet.

The accompanying explanations and notes form an integral part of these financial statements.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES

I. EXPLANATIONS ON BASIS OF PRESENTATION

Ziraat Katılım Bankası A.Ş. ("Bank" or "Parent Bank") and its subsidiaries subject to consolidation (Together referred to as the "Group"), are prepared according to the "Regulation on the Procedures and Principles Regarding Accounting Practices of Banks and Storage of Documents" published in the Official Gazette dated 1 November 2006 and numbered 26333 and other regulations published by the Banking Regulation and Supervision Board regarding the accounting and recording system of banks and the Banking Regulation and Supervision Agency. Circulars and explanations of the Auditing Authority ("BRSA") and the provisions of the Turkish Financial Reporting Standards ("TFRS") put into effect by the Public Oversight, Accounting and Auditing Standards Authority ("POA") on matters not regulated by these (all "BRSA Accounting and Financial Reporting"). It has been prepared in accordance with the "Legislation".

The format and contents of the consolidated financial statements to be disclosed to the public and their explanations and footnotes are determined by the "Communiqué on Financial Statements to be Announced to the Public and Related Disclosures and Footnotes" published in the Official Gazette No. 28337 dated 28 June 2012 and Official Gazette No. 29511 dated 23 October 2015. It has been prepared in accordance with the "Communiqué on Disclosures to be Made to the Public by Banks Regarding Risk Management" published in the Gazette and the communiqués that bring amendments and additions to these communiqués. The Bank keeps its accounting records in Turkish currency, in accordance with the Banking Law, Turkish Commercial Code and Turkish tax legislation.

In the consolidated financial statements, except for the financial assets and liabilities shown at their fair values, all balances in the financial reports and footnotes are presented in Thousand Turkish Lira ("TRY"), unless otherwise stated on the basis of historical cost.

Preparation of consolidated financial statements requires making estimates and assumptions that affect the amounts of assets and liabilities reported or the contingent assets and liabilities disclosed as of the balance sheet date and the amounts of income and expenses reported in the relevant period. While these estimates are based on management's best judgment and knowledge, actual results may differ from these estimates. The assumptions and estimates used are explained in the related footnotes.

Benchmark Interest Rate Reform - Phase 2, which brings amendments to TFRS 9, TAS 39, TFRS 7, TFRS 4 and TFRS 16, effective 1 January 2021 was published. With the amendments made, certain exceptions are provided in the basis used in determining the contractual cash flows and in the hedge accounting provisions. These changes did not have a significant impact on the financial position or performance of the Bank. As of 31 December 2023, the Bank has no hedging transactions based on benchmark interest rate.

In the announcement made by the Public Oversight Authority, Accounting and Auditing Standards Authority (KGK) on 23 November 2023, it was decided that entities applying the Turkish Financial Reporting Standards (TFRS) shall implement the 'TAS 29 Financial Reporting in Hyperinflationary Economies' standard in their financial statements from the reporting period ending on 31 December 2023. Furthermore, institutions or organizations authorized to regulate and audit in their respective fields were granted flexibility to determine different transition dates for the application of TAS 29. In this context, in accordance with the Banking Regulation and Supervision Agency's decision dated 12 December 2023, and numbered 10744, it was decided that the financial statements of banks, financial leasing, factoring, financing, savings finance, and asset management companies as of 31 December 2023, shall not be subject to inflation adjustments under TAS 29. Additionally, in accordance with the decision dated 11 January 2024, and numbered 10825, it was decided that these entities would transition to inflation accounting as of 1 January 2025.

31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

II. EXPLANATIONS ON STRATEGY OF USING FINANCIAL INSTRUMENTS AND FOREIGN CURRENCY TRANSACTIONS

The Parent Bank's main field of activity; It covers banking services such as opening loans in all kinds of cash and non-cash Turkish Lira and foreign currency, conducting transactions in domestic and international money and capital markets, collecting Turkish Lira and foreign currency current / participation accounts. As of the reporting date, most of the Bank's resources consist of funds collected, loans received and equity. The Bank uses this resource mainly as loans and lease certificates. The liquidity structure of the Bank is taken into account in such a way that all liabilities that are due to be met can be met.

Foreign currency transactions are reflected in the records based on the Bank's foreign exchange buying rates at the date of the transaction. At the end of the period, the balances of foreign currency assets and liabilities have been converted into Turkish currency by being evaluated at the end of the period with the Bank's foreign exchange buying rates, and the exchange rate differences are reflected in the records as "foreign exchange transactions profit/loss".

The differences arising from the conversion of securities representing borrowing and monetary financial assets into Turkish Lira are included in the income statement. The Bank does not have any foreign currency differences.

In order to keep liquidity, exchange rate and credit risks within certain limits and to maximize profitability, the Parent Bank's Balance Sheet and Equity management is taken within the risk limits by the Asset and Liability Committee determined by the Board of Directors in order to maximize profitability.

III. EXPLANATIONS ON CONSOLIDATED SUBSIDIARIES

Consolidation principles applied:

The consolidated financial statements have been prepared in accordance with the procedures listed in the "Communiqués related to the Regulation on the Preparation of the Consolidated Financial Statements of Banks" published in the Official Gazette No. 26340 dated 8 November 2006 and the "Consolidated Financial Statements" ("TFRS 10").

1. Consolidation principles for subsidiaries:

Subsidiaries (including special purpose entity) are all entities, in which the Parent Bank has power to control the financial and operating policies for the benefit of the Parent Bank, either (a) through the power to exercise more than 50% of the voting rights relating to shares in the companies owned directly and indirectly by itself; or (b) although not having the power to exercise more than 50% of the using rights, otherwise having the power to exercise control over the financial and operating policies.

Control is evident when the Parent Bank owns, either directly or indirectly, the majority of the share capital of the company or owns the privileged shares or owns the right of controlling the operations of the company in accordance with the agreements made with other shareholders or owns the right of appointment or the designation of the majority of the board of directors of the company.

Subsidiaries are consolidated with full consolidation method by considering the outcomes of their activities and the size of their assets and shareholders' equity in scope of the materiality principle.

Financial statements of the related subsidiaries are included in the consolidated financial statements beginning from the date control on their activities are transferred to the Group. Where necessary, accounting policies of subsidiaries have been changed to ensure consistency with the policies adopted by the Group.

According to the full consolidation method, 100% of the balance sheet, profit or loss statement and off-balance sheet items of the subsidiaries are consolidated with the balance sheet, profit or loss statement and off-balance sheet items of the Parent Bank. The book value of the investments of the Group in each subsidiary has been netted off with the portion of each subsidiary's capital that belongs to the Group. Unrealized gains and losses and balances resulting from the transactions among the subsidiaries included in consolidation have been eliminated. There are no minority rights in the consolidated net income of the subsidiary.

ZİRAAT KATILIM BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 DECEMBER 2023

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

III. EXPLANATIONS ON CONSOLIDATED SUBSIDIARIES (Continued)

The subsidiaries included in consolidation, their title, their place of incorporation, their main activities and their effective shareholding rates are as follows:

31 December 2023				
Title	Address (City / Country)	Main Activities	Group's Share Percentage (%)	Direct and Indirect Partnership Rates (%)
Ziraat Katılım Varlık Kiralama A.Ş.	Istanbul/Turkey	Issuance of Lease Certificate	100	100
ZKB Varlık Kiralama A.Ş.	Istanbul/Turkey	Issuance of Lease Certificate	100	100

Ziraat Katılım Varlık Kiralama A.Ş. was established and registered to the trade registry in 22 January 2016 with the permission taken from "Banking Regulation and Supervision Agency" and "Capital Markets Board of Turkey". Ziraat Katılım Varlık Kiralama A.Ş. has been founded to operate lease certificate according to rulings of Capital Markets Board of Turkey which was dated 7 June 2013 and numbered 28760 serial: 3 no: 61.1 published in Official Gazette. ZKB Varlık Kiralama Anonim Şirketi was established on 19 July 2017 with TRY 50 capital amount paid by the Main Shareholder Bank. It began to operate after the registration on 8 September 2017.

2. Consolidation principles of associates and joint ventures:

As of 31 December 2023, the subsidiary of the Parent Bank is Katılım Finans Kefalet A.Ş.

IV. EXPLANATIONS ON FORWARD AND OPTION CONTRACTS AND DERIVATIVE INSTRUMENTS

The Parent Bank's derivative financial instruments consist of forward foreign currency buy/sell agreements.

Derivative financial instruments are initially recorded at their fair values. In the periods following the recording of derivative transactions; Depending on whether the fair value is positive or negative, the fair value difference of derivative financial assets is reflected to profit or loss or the fair value difference of derivative financial liabilities is reflected in the balance sheet. Differences in fair value as a result of the valuation are accounted for under profit/loss from derivative financial transactions and foreign exchange gain/loss in the commercial profit/loss item in the profit or loss statement.

The payables and receivables arising from derivative transactions are recorded in off-balance sheet accounts at their agreement amounts.

V. EXPLANATIONS ON PROFIT SHARE INCOME AND EXPENSE

Dividend income is accounted for according to the internal rate of return method, which equates it to the present net value of the future cash flows of the financial asset determined in TFRS 9, and is reflected in the records on an accrual basis.

The Parent Bank started calculating rediscount for its non-performing receivables as of January 1, 2018. Rediscount is calculated based on the net book value of non-performing receivables (Gross Book Value - Expected Loss Provision).

The Parent Bank accounts for dividend expenses on an accrual basis. Expense accruals are calculated according to the unit value calculation method through participation accounts, and these amounts are shown in the "Collected Funds" section in the balance sheet.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VI. EXPLANATIONS ON FEES AND COMMISSION INCOME AND EXPENSES

Commission income from banking, agency, intermediary services is recognized as income on the date collected. Commission income from cash loans are transferred to income accounts in accordance with TFRS 15 Revenue from Customer Contracts standard by using internal rate of return method depending on the periodicity principle. Other fee and commission expenses are recorded in the expense account as soon as they are paid.

Commissions and fees received from cash loans and relating to the future periods are recorded to the "Unearned Revenues" account under "Other Liabilities" on the balance sheet. Prepaid expense amounts are recognized as expense on an accrual basis during the service period.

VII. EXPLANATIONS ON FINANCIAL ASSETS

Financial assets are recognized or derecognized according to TFRS 9 Financial Instruments Part 3 Recognition and Derecognition. Financial assets are measured at fair value at initial recognition in the financial statements. During the initial recognition of financial assets other than "Financial Assets at Fair Value Through Profit or Loss", transaction costs are added to fair value or deducted from fair value. They are included in the balance sheet of Bank, if the Bank is a legal party to these instruments.

The Bank categorizes its financial assets as "Fair Value Through Profit/Loss", "Fair Value Through Other Comprehensive Income" or "Measured at Amortized Cost". Financial instruments comprise financial assets and liabilities and derivative instruments. This classification is based on the contractual cash flow characteristics of the financial assets and related business model used for management of the financial assets at initial recognition. Financial assets basically constitute the commercial activities and operations of the Bank. These instruments have the feature of revealing, influencing and reducing the liquidity and credit risk in the financial statements.

Classification and Measurement Within the Scope of TFRS 9

In accordance with TFRS 9 Financial Instruments Standard, financial assets are measured at amortized cost, fair value through other comprehensive income and fair value through profit or loss by;

"Business Model Assessment" and "Contractual Cash Properties Test" are performed to determine the classification of financial assets.

a. Financial assets at fair value through profit or loss

Fair value through profit or loss are financial assets that are managed by business model other than the business model that aims to "hold to collect" and "hold & sell" the contractual cash flows; acquired for the purpose of generating profit from short-term fluctuations in price, or regardless of this purpose, the financial assets that are a part of a portfolio with evidence of short-time profit-taking; and the financial assets, whose terms do not give rise to cash flows that are solely payments of principal of interest at certain dates.

Financial assets at the fair value through profit or loss are initially recognized at fair value. All gains and losses arising from these valuations are reflected in the profit or loss statement.

Among the financial assets whose fair value difference is reflected in profit or loss, lease certificates traded in BIST are valued at the weighted average clearing prices formed in BIST at the balance sheet date, and financial assets not traded in BIST are valued with the prices of the Central Bank of Turkey. Gains and losses resulting from the valuation are included in the profit/loss accounts.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. EXPLANATIONS ON FINANCIAL ASSETS (Continued)

b. Financial assets at fair value through other comprehensive income

Financial assets are classified as fair value through other comprehensive income where the business models aim to hold financial assets in order to collect the contractual cash flows and selling assets and the terms of financial asset give rise to cash flows that are solely payments of principal of interest at certain dates.

Financial assets at fair value through other comprehensive income are recognized by adding transaction cost to acquisition cost reflecting the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are remeasured at fair value. Profit share income calculated with internal rate of return method arising from financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to the profit or loss statement. "Unrealized gains and losses" arising from the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income are not reflected in the profit or loss statement of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, and impairment of the asset and they are accounted under the "Accumulated other comprehensive income or expense to be reclassified through profit or loss" under shareholders' equity.

Equity investments

At the time of initial recording, the Bank recognizes that the fair value of an investment in an equity instrument within the scope of TFRS 9 is not held for commercial purposes or is a contingent consideration recognized in the financial statements of the acquirer in a business combination to which TFRS 3, "Business Combinations" applies. An irrevocable choice may be made to include the changes in the other comprehensive income statement. The Bank makes the said choice separately for each financial instrument.

The relevant fair value differences recognized in the other comprehensive income statement cannot be transferred to profit or loss in the following periods, but are transferred to previous years' profit/loss. Dividends from such investments, on the other hand, are recognized as profit or loss, unless they clearly represent a recovery of part of the cost of the investment. Equity instruments at fair value through other comprehensive income are not subject to impairment calculation.

c. Financial assets measured at amortized cost:

The financial asset is considered a financial asset measured at amortized cost if the financial asset is held within the scope of a business model that aims to collect contractual cash flows and the contractual terms of the financial asset result in cash flows that only include the principal and dividend payments arising from the principal balance on certain dates are classified.

Financial assets measured at amortized cost are initially recorded by adding transaction costs to their acquisition costs, which reflect their fair values, and are then measured at "amortized cost" using the internal rate of return. Profit share income related to financial assets measured at amortized cost is reflected in the profit or loss statement.

The Bank's securities portfolios, whose fair value difference is reflected in other comprehensive income and measured at amortized cost, include consumer price ("CPI") indexed lease certificates. The valuation of the mentioned assets during the year is made according to the internal yield method, based on the index created by taking into account the real profit share rates, the treasury reference index and the estimated inflation rate.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. EXPLANATIONS ON FINANCIAL ASSETS (Continued)

Loans

Loans consist of financial assets created by providing goods or services to a borrower. The initial recording of loans is made at their cost values, and after being recorded, they are measured using the "internal rate of return method" based on the amortized values.

Cash loans are accounted with their original balances in the accounts specified in Uniform Chart of Accounts and Prospectus according to their type, maturity and collateral structures. FC loans are recognized with fixed price and revalued by the counter foreign exchange buying rate of the Group. Foreign exchange indexed loans are used as TRY by the valid counter foreign exchange buying rate of the Bank at usage date. Repayments of these loans are collected as calculated TRY value by the valid counter foreign exchange selling rate of Bank at installment date. Group's loans are recognized under "Measured at Amortized Cost" account.

As of 31 December 2023, all loans of the Group, including profit-loss sharing (musharakah) and labor-capital partnership (mudaraba) investments, are followed in the "Measured by Amortized Cost" account. Profit-loss sharing and labor-capital partnership investments followed by the Parent Bank in the loans account according to the BRSA Uniform Chart of Accounts, those to be valued for the first time as of 31 December 2020, with the letter of the BRSA numbered E-43890421-010.07.01-1294, or In accordance with the provisions of the "Interest-Free Finance Accounting Standard 3: Mudaraba Financing" or "Interest-Free Finance Accounting Standard 4: Musharakah Financing" standards for partnership financing funds in the form of "labor-capital partnership" or "profit-loss sharing" that are newly made available after 1 January 2021 was accounted for.

VIII. EXPLANATIONS ON IMPAIRMENT OF FINANCIAL ASSETS

Explanations on expected loss provisions

The Parent Bank sets aside the expected loss provision for its loans and receivables by taking into consideration the "Regulation on the Classification of Loans and the Procedures and Principles Regarding the Provisions to be Set Aside" (Regulation on Provisions) published in the Official Gazette dated 22 June 2016 and numbered 29750. As of 1 January 2018, provision for impairment has been allocated in accordance with the provisions of TFRS 9. In this context, the Group takes into consideration the general structure of the loan portfolio, the financial structure of the customers, the non-financial data and the economic conjuncture in line with the credit risk policies and prudence principle when determining its estimates.

The main principle of the expected credit loss model is to reflect the general outlook of deterioration or improvement in the credit quality of financial instruments. The amount of expected credit losses known as loss provision or provision varies according to the degree of increase in credit risk. There are two measurements according to the general approach:

- 12-Month Expected Loss Provision (Stage 1) applies to all assets unless there is a significant deterioration in credit quality.
- Lifetime Expected Loss (Stage 2 and Stage 3) is applied when there is a significant increase in credit risk.

Impairment loss

The expected credit loss model includes instruments that are recorded at amortized cost or at fair value in other comprehensive income tables (such as bank deposits, loans and securities) and, in addition, financial lease receivables, contract assets, credit commitments and financial guarantee contracts.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VIII. EXPLANATIONS ON IMPAIRMENT OF FINANCIAL ASSETS (Continued)

Impairment loss (Continued)

The guiding principle of the expected credit loss model is to reflect the increase in credit risk of financial instruments or the general view of the recovery. The amount of allowance for the loss depends on the extent of the increase in credit risk since the initial issuance of the loan.

While expected credit loss is an estimate of expected losses from a loan over the life of a financial instrument, the following considerations are important for measurement.

- Probability-weighted and neutral amount determined by taking into account possible outcomes,
- Time value of money,
- Reasonable and supportable information on past events, current conditions and forecast of future economic conditions, at the time of reporting, without excessive cost and effort.

These financial assets are divided into three categories depending on the gradual increase in credit risk observed since their initial recognition:

Provision for 12 month expected credit loss (Stage 1)

These are the financial assets that do not have a significant increase in credit risk at their initial recognition or after the initial recognition to financial statements. Impairment for credit risk for these assets is recorded in the amount of 12-month expected credit losses. It is valid for all assets unless there is a significant deterioration in the quality of the loan.

The expected 12 month loss values (within 12 months after the reporting date or within a shorter period if the life of a financial instrument is shorter than 12 months) are part of the estimation of loss of life expectancy.

Significant increase in credit risk (Stage 2)

Financial assets are transferred to stage 2 if there is a significant increase in credit risk. While 1-year expected credit loss is calculated for at stage 1, all remaining maturity expected credit loss is calculated for loans at stage 2.

The main criteria taken into account in determining the significant increase in the credit risk of the financial asset and its transfer to the 2nd stage; being watch list, the number of days of delay being 30 days or more and the internal early warning system rating of the Bank.

Default (Stage 3)

Includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime expected credit losses are recorded.

The Bank assesses that debt is in default in the following two cases:

- Objective Default Definition: Means the debt is overdue for more than 90 days. With the debt being overdue by 90 days, the default starts on the 91st day.
- Subjective Default Definition: It means that the bank is convinced the debt will not be paid. In the event that the debtor cannot fulfill the debts related to the loan, the debtor is considered to be in default regardless of the number of delay days.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VIII. EXPLANATIONS ON IMPAIRMENT OF FINANCIAL ASSETS (Continued)

Impairment loss (Continued)

The collective valuation of financial instruments is based on homogeneous group assets resulting from portfolio segmentation based on similar credit risk and product characteristics. This section presents an overview of the risk parameter estimation methods for the damage assessment approach that is expected on a common basis for each stage.

Credits that differ in cash flows or have different characteristics with other credits may be subject to individual valuation instead of aggregate valuation. An expected credit loss can be defined as the difference between all contractual cash flows that are outstanding under the contract and the original effective dividend and discounted cash flows.

When cash flows are estimated, the following situations are considered:

- During the expected life of the financial instrument, all contractual terms of the financial instrument,
- Cash flows expected to be obtained from collateral sales.

In the calculation of the expected credit loss, the basic parameters which are expressed as probability of default, loss in default and default amount are used.

Probability of Default

Probability of default refers to the likelihood that a loan will default at a certain time.

Default Amount

The default amount represents the expected gross receivable if a loan is defaulted.

Loss Given Default

Loss given default refers to the ratio of the economic net loss resulting from the default of a loan to the default amount. In other words, it refers to the ratio of net loss due to a defaulted loan to the balance at the time of default.

Future Expectations

The effect of future expectations is included in the credit risk parameters used in the calculation of expected credit losses by using scenarios related to macroeconomic factors. When including macroeconomic information, models and estimations that reflect the relationships between model risk parameters and macroeconomic variables are taken into account. While creating the relevant models, the effects of many macroeconomic variables (Credit Default Swap (CDS), CPI, Unemployment rate, GDP, Industry Tracking Rates, Deposit Interest Turkey, etc.) are analyzed, among which variables that best reflect the default probabilities of our Bank's customers are used. As of 31 December 2022 and 31 December 2023, the primarily used macroeconomic variables are GDP (Gross Domestic Product) and sector-specific delinquency rates.

The Bank uses 3 scenarios for forward-looking expectations: base, bad and good. All 3 scenarios have predetermined weights. The Group applies macroeconomic variables to its models by updating them every 3 months in March, June, September and December, which is used in the evaluation of the significant increase in credit risk and in the calculation of expected credit loss. As of 31 December 2023, macroeconomic variables, which are taken as a basis in the calculation of expected credit losses are reflected in the models.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VIII. EXPLANATIONS ON IMPAIRMENT OF FINANCIAL ASSETS (Continued)

The Methodology of Behavioral Maturity Calculation

The loans in Stage 1, expected loss provision is calculated until their maturity for the ones which have less than one year to due date and for 1 year which have more than one year to due date. The loans in Stage 2, expected loss provision is calculated for lifetime (until maturity date) of the loan. In this calculation, the remaining maturity information of the loan is taken as basis for each loan. While this information is used for products with real maturity information, behavioral maturity is calculated by analysing historical data for products with no maturity information. Expected loss provisions are calculated based on these maturities depending on the type of loan.

Write-off Policy

Within the scope of the provisions of the "Regulation on Amendments to the Regulation on the Procedures and Principles Regarding the Classification of Loans and the Provisions to be Set Aside for These" published by the BRSA in the Official Gazette dated 6 July 2021 and numbered 31533, those classified under the Fifth Group - Loans in the Nature of Loss and whose lifespan is due to the default of the debtor. The portion of the loans for which there are no reasonable expectations regarding the recovery of the loans for which provision for expected credit losses or special provisions has been set is deducted from the records within the period deemed appropriate by the bank, specific to the situation of the debtor, within the scope of TFRS 9, starting from the first reporting period following their classification in this Group. Deleting loans from records is an accounting practice and does not result in giving up the right to receivable. Within the scope of the said change, no loans have been deducted from the records by the Bank as of the current period.

IX. EXPLANATIONS ON OFFSETTING OF FINANCIAL ASSETS AND LIABILITIES

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the Parent Bank has legally enforceable rights to offset the recognized amounts and there is an intention to collect/pay the related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

X. EXPLANATIONS ON SALES AND REPURCHASE AGREEMENTS AND LENDING OF SECURITIES

As of the balance sheet date, there are no securities lending transactions. Central Bank of the Republic of Turkey ("CBRT") made some changes on orders for open market transactions ("OMT") and prepared an additional frame contract for participation banks in order to present rent certificates to open market operations of CBRT in accordance with the principles of participation banks. According to this agreement; a new type of transaction was formed which enables participation banks to resell or repurchase rent certificates on their portfolio to CBRT when they are in need of funding or in attempt to evaluate the excess liquidity. The Bank performs purchase tenders which are held by CBRT of which maturities are weekly; in return for rent certificates that are reported as assets in balance sheet in order to raise funds. As of 31 December 2023, there are no securities lending transactions (31 December 2022: None). Securities sold under agreements for repurchase agreements ("Repos") are classified as "Fair Value Through Profit or Loss", "Fair Value Through Other Comprehensive Income" and "Financial Asset Measured at Amortized Cost" in the portfolio of the bank, according to the purposes of the Bank, and they are subject to valuation according to the portfolio which are belong. Funds obtained in return for repo agreements are accounted in "Money Markets Receivables" account and interest expense accruals for the period are calculated with the effective interest rate method.

Securities purchased with Resale commitment ("Reverse Repo") are accounted in "Money Markets Receivables" on the balance sheet and interest income accruals for the period are calculated with the effective interest rate method.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XI. EXPLANATIONS ON ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS AND RELATED LIABILITIES

The assets acquired by the Parent Bank due to its receivables are accounted for in accordance with "TFRS 5 Turkish Financial Reporting Standard for Non-current Assets Held for Sale and Discontinued Operations" in financial statement of the Parent Bank.

The assets that meet the criteria of being classified under assets held for sale are measured at the lower of their book values or fair value less costs to be incurred for sale, and depreciation for these assets is ceased and these assets are presented separately in the balance sheet. In order for an asset to be classified as an asset held for sale, the related asset (or the asset group to be disposed) shall be ready to be sold immediately under usual conditions and should have a high possibility to be sold. In order to have a high probability of sales, a plan for the sale of the asset (or group of assets to be disposed of) must have been prepared by an appropriate management team and an active program has been initiated to identify buyers and complete the plan. Various events or circumstances may extend the completion time of the sale transaction beyond one year. If the delay has occurred due to events or conditions beyond the control of the Bank and there is sufficient evidence that the Bank's plan to sell the related asset (or the group of assets to be disposed of) is still in progress, the said assets continue to be classified as held for sale. The properties acquired by the Parent Bank due to receivables are shown in the line of held for sale in the financial statements depending on the termination of the term sales contract.

A discontinued operation is a division of a business that is classified as disposed or held for sale. The results related to discontinuing operations are presented separately in the profit or loss statement. The Parent Bank does not have any discontinued operations.

As of 31 December 2023, non-current assets of the Parent Bank held for sale are TRY 427.229 (31 December 2022: TRY 274.644).

XII. EXPLANATIONS ON GOODWILL AND OTHER INTANGIBLE ASSETS

As of the balance sheet date, there is no goodwill in the financial statements of the Bank.

Other intangible assets are measured at cost on initial recognition and any directly attributable costs of setting the asset to work for its intended use are included in the initial measurement. Subsequently, intangible assets are carried at historical costs after the deduction of accumulated depreciation and the provision for value decreases.

Other intangible assets are amortized using the straight line method based on their useful lives. Useful lives of other intangible assets are determined with assessments such as the expected life of the asset, technical, technological or other types of aging and the maintenance costs required to obtain the economic benefit expected from the asset. There is no change in the depreciation method applied in the current period.

The Parent Bank recognizes its software costs incurred under the intangible assets - intangible rights account and the qualifying expenses are added to software's initial costs and amortized over 3-15 years considering the useful life.

XIII. EXPLANATIONS ON TANGIBLE ASSETS

Property and equipment is measured at its cost when initially recognised and any directly attributable costs of setting the asset in working order for its intended use are included in the initial measurement.

Subsequent to recognition, tangible fixed assets are presented in financial statements at cost less any accumulated depreciation and impairment loss, if any. Tangible fixed assets are amortized by using the straight-line method over their estimated useful lives.

Applied depreciation rates are as follows;

Vehicles and fixtures: 2% - 25%

Operational Lease Improvement Costs (Leasehold Improvements): Leasing Period - 5 years

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XIII. EXPLANATIONS ON TANGIBLE ASSETS (Continued)

Ordinary maintenance and repair expenses incurred for tangible assets items are recognized as expenses. Investment expenditures that increase the future benefit by enhancing the capacity of property and equipment are capitalized. The investment expenditures include the cost components which are used either to increase the useful life or the capacity of the asset or the quality of the product or to decrease the costs.

The depreciation of an asset held for a period less than a full financial year is calculated as a proportion of the full year depreciation charge from the date of acquisition to the financial year end. Leasehold improvements are depreciated over their estimated economic useful lives in equal amounts. The estimated economic useful lives cannot exceed the leasing period.

There are no pledges, mortgages and other measures on tangible fixed assets, or commitments made for their purchase, or there is no restriction on the exercise of the right of disposition on them.

XIV. EXPLANATIONS ON LEASING TRANSACTIONS

Operational Leasing Transactions

Transactions as a lessee

At the beginning of a contract, the Bank evaluates whether the contract has a lease or does not include a lease. In the event that the contract is transferred for a certain period of time to the right to control the use of the asset defined for a price, this contract is of a rental nature or includes a lease. The Bank reflects the existence of a right of use and a lease liability to the financial statements at the effective date of the lease.

Right of use;

The Bank applies the "TFRS 16 - Leases" standard in the accounting of leasing transactions.

In accordance with the "TFRS 16 - Leases" standard, the Group calculates the "right of use" amount based on the present value of the lease payments of the fixed asset subject to lease at the beginning of the lease and includes it in "tangible fixed assets".

The right of use asset is recognized first by cost method and includes below:

- a) The initial measurement amount of the lease obligation,
- b) The amount obtained by deducting all the rental incentives received from all lease payments made at or before the beginning of the lease,
- c) All initial direct costs incurred by the Bank.

When applying the cost method, the existence the right of use:

- a) b Measures by deducting accumulated depreciation and accumulated impairment losses and
- b) The restatement of the lease obligation at the restated cost..

The Bank applies principle of amortization in TAS 16 Property, Plant and Equipment while depreciating the right of use.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira (“TRY”))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XIV. EXPLANATIONS ON LEASING TRANSACTIONS (Continued)

Lease Liabilities:

At the date of the effective leasing of the lease, the Bank measures its leasing liability at the present value of the lease payments not paid at the time. Lease payments are discounted using the imputed rate of interest in the lease if they can be easily determined. If this rate cannot be easily determined, the Bank uses the Bank's alternative borrowing rate. Lease payments that are included in the measurement of the lease liability at the date the lease is commenced consist of the unpaid payments to be made for the right of use during the lease term of the underlying asset and the date on which the lease has actually begun:

After the effective date of the lease, the Bank measures the leasing liability as follows:

- a) Increases the book value to reflect the rate of profit in the lease obligation,
- b) Reduces the book value to reflect the rent payments made and
- c) Re-assess the book value to reflect re-evaluations and reconstructions, or to reflect the lease payments that are fixed on the revised basis.

The profit for the lease obligation for each period in the lease term is the amount calculated by applying a fixed periodic rate of profit to the remaining balance of the lease obligation. The Participation Bank takes part as a lessor in leasing transactions. The Participation Bank indicates the assets subject to leasing as a receivable equal to the net lease investment amount in the balance sheet. The total of the lease payments is gross in the leasing receivables account including the dividends and principal amounts. The profit share, which is the difference between the total of the lease payments and the cost of the related fixed assets, is included in the unearned finance lease income account. As the lease payments are realized, the rent amount is deducted from the lease receivables account; the profit share is reflected in the statement of profit or loss by deducting from the unearned profit share income account.

XV. EXPLANATIONS ON PROVISIONS, CONTINGENT ASSET AND LIABILITIES

Provisions other than the specific and general provisions set for loans and other receivables and provisory liabilities are accounted in accordance with TAS 37 “Provisions, Contingent Liabilities, and Contingent Assets Standard”.

The Parent Bank provides provision in case of an existing liability (legal or implicit) as a result of an incident that took place in the past, there is possibility of disposal of assets that bring economic benefit and the liability is measurable. When a reliable estimate of the amount of obligation cannot be made, it is considered that a “contingent” liability exists and it is disclosed in the related notes to the financial statements.

For transactions that can affect financial structure, provisions are provided by using the existing data if they are accurate, otherwise by using the estimates.

As of the balance sheet date, there are no probable contingent liabilities resulting from past events whose amount can be reliably measured.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. Contingent assets are disclosed where an inflow of economic benefits is probable. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements in which the change occurs.

XVI. EXPLANATIONS ON OBLIGATIONS RELATED TO EMPLOYEE RIGHTS

a. Employment termination and vacation benefits

Liabilities related to severance pay and right to leave calculated according to the regulations of the TAS 19 “Accounting Standard of Employee Benefits” and the Group’s liabilities related to future severance pay and right to leave calculated and reflected to the financial statements on the net present value.

According to the related regulation, the Group is obliged to pay termination benefits depending on the arise of the legal conditions for employees who retire, die, quit for their military service obligations, who have been dismissed as defined in the related regulation or ,for the female employees, who have voluntarily quit within one year after the date of their marriage. According to the related legislation, depending on the status and position of the employee in the Bank and social security institution, Employment Termination Benefit Provision calculation is based on the final salary at the date of retirement or leave (to the extent that the payments and/or salary amount does not exceed the Employment Termination Benefit Provision ceiling). Employment Termination Benefit is calculated based on actuarial assumptions.

The Group makes assumptions on issues such as discount rate, employee turnover, future salary increases while determining the liability. As of 31 December 2023, the Group's severance pay liability is TRY 202.704 (31 December 2022: TRY 125.764).

Communiqué on “Turkish Accounting Standard (“TAS19”) about Benefits for Employee (No:9)” published in Official Gazette by Public Oversight Accounting and Auditing Standards Authority (“POA”) on 12 March 2013 numbered 28585, was entered into force for the account periods starting after 31 December 2012 on accounting treatment of actuarial profit and loss resulting from changes in actuarial assumptions or differences between actual and actuarial assumptions. Actuarial loss amounting to TRY 127.913 was classified under shareholders’ equity in the financials. (31 December 2022: TRY 94.366 missing).

Unused vacation liability is calculated based on number of unused vacation days which is calculated by subtracting used vacation days of all personnel from legally deserved vacation days. As of 31 December 2023 unused vacation liability of the Bank is TRY 44.385 (31 December 2022: TRY 28.175).

The Group does not employ personnel on fixed-term contracts.

b. Liability of T.C. Ziraat Bankası and T. Halk Bankası Members Pension and Relief Fund (TZHEMSAN)

Some of the Bank’s personnel are the members of T.C. Ziraat Bankası and T. Halk Bankası A.Ş. Employees' Pension Fund (“Fund”) which was established by 20th provisional article of Social Security Law Act numbered 506. In accordance with 23rd provisional clause of the Banking Law numbered 5411, the pension fund established within Social Security Law is expected to be transferred to the Social Security Institution by three years following the declaration of the Banking Law numbered 5411. Procedures and principles of the transfer are determined by the decision of Council of Ministers numbered 2006/11345 dated 30 November 2006. However, the 1st paragraph of the 1st article of the 23rd provisional clause of Banking Law numbered 5411 allowing pension funds to be transferred to Social Security Institution (“SSI”) is annulled following the resolution of Constitutional Court declared in the Official Gazette dated 30 June 2007 numbered 26479 E.2005/139, K.2007/13 and K.2007/33.

With the publication of the reasoning of the decision, the Grand National Assembly of Turkey (“GNAT”) started to work on new legal arrangements regarding the transfer of the fund members to SSI and the related articles of the “Law Regarding the Changes in Social Insurance and General Health Insurance Law and Other Related Laws and Regulations” No 5754 (“the New Law”) regulating the transfer of the funds were approved by the GNAT on 17 April 2008. The New Law was published in the Official Gazette dated 8 May 2008, numbered 26870 and came into force.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira (“TRY”))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XVI. EXPLANATIONS ON OBLIGATIONS RELATED TO EMPLOYEE RIGHTS (Continued)

b. Liability of T.C. Ziraat Bankası and T. Halk Bankası Members Pension and Relief Fund (TZHEMSAN) (Continued)

According to the new law bank pension funds participants and salaried members or the rightful owners would be transferred to Social Security Institution and would be subject to its legislation within three years beginning from the date of publication without any required transaction. Three years transfer period would be extended by two years at most with the decision of Council of Ministers. In accordance with the related legislation, as of the transfer date, the cash value of the liabilities will be calculated by considering the income and expenses of the transferred funds by the insurance branches and by using the actuarial interest rate of 9,80%. Moreover, the unfulfilled other social rights and payments existed in the settlement deeds of the subjected pension funds of the transferred participants, members or the rightful owners will be continued to be fulfilled by the employer entities of the funds and its participants.

In accordance with 58th article and 7th provisional article of the Banking Law, restricting banks from transferring any funds to the pension funds in order to compensate the actuarial deficits effective from 1 January 2008, has been delayed up to 5 years.

Based on the Council of Ministers’ decree numbered 2011/1559 and issued in the Official Gazette numbered 27900, dated 9 April 2011, and 20th provisional article of law numbered 506, the deadline for transferring banks, insurance and reinsurance companies, chambers of commerce, chambers of industry, exchange markets and the participants of the funds that were founded for the personnel constituting these entities and the ones having salary or income and the right holders of them to Social Security Institution has been extended for two years.

Besides, the phrase of “two years” in Clause (2), Article 1 of the temporary 20th provision of the law numbered 5510 is revised as “four years” with the law numbered 6283 amending on the Social Insurance and General Health Insurance Law, published in the Official Gazette numbered 28227, dated 8 March 2012.

Based on the Council of Ministers’ decree numbered 2014/6042 and issued in the Official Gazette numbered 28987 dated 30 April 2014, the participants of the funds that were founded for the personnel constituting these entities and the ones having salary or income and the right holders of them to Social Security Institution has been extended for one year.

Lastly, 51st article of Law No.6645 dated 23 April 2015, published on Official Gazette and the first paragraph of the transient 20th article of Law No.5510 related to the transfer of Bank and Insurance Funds to Social Security Institution; “Council of Ministers is the authority to determine the date of transfer of banks, insurance and reinsurance companies, boards of trade, chambers of industry and stock markets or the participants of funds established for their constitute union personnel and the ones that were endowed salary or income and their beneficiaries within the scope of transient 20th article of Law No.506.

As from the transfer date, the participants are considered as insured within the scope of clause (a), first paragraph and 4th article of this Law. Based on the decision of the Council of Ministers dated 24 February 2014; May 2015 was determined as the transfer period. As a result of the last amendment made in the first paragraph of the provisional article 20 of the Law No. 5510 and the Occupational Health and Safety Law No. 6645 published in the Official Gazette dated 23 April 2015 and numbered 29335; The Council of Ministers has been authorized to determine the transfer date and the President has been authorized to determine the transfer date in the repeated Official Gazette numbered 30473 on 9 July 2018.

The technical balance sheet report as of 31 December 2023 which is prepared in accordance with the new law and the allowance determined as 9,80%, concluded no technical deficit arises in the above mentioned fund. Since the Bank has no legal right to hold the present value of any economic benefits available in the form of refunds from Pension Fund or reductions in future contributions to Pension Fund, no asset is recognized in the Bank’s financial statements.

31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XVII. EXPLANATIONS ON TAXATION

a. Current tax

As of 31 December 2023, the corporate tax rate applied in financial statements is 30%. According to Law No. 7316 published in the Official Gazette on 22 April 2021, the corporate tax rate was increased to 25% for the 2021 tax period, starting from 1 July 2021, and for the taxation period starting from 1 January 2021. Subsequently, for the 2022 tax period, the rate was set at 23%. However, with the publication of Law No. 7394 in the Official Gazette on 15 April 2022, the corporate tax rate for banks, consumer finance companies, factoring and financial leasing companies, electronic payment and money institutions, authorized foreign exchange institutions, asset management companies, capital market institutions, insurance and reinsurance companies, and pension companies was permanently increased to 25%. This change will be effective for declarations submitted after 1 July 2022. Therefore, as of the first quarter of 2022, the corporate tax rate to be considered in corporate tax calculations is 23%, and for the second quarter of 2022 and subsequent periods, the tax rate applied to the cumulative earnings of 2022 is 25%. Furthermore, according to Article 21 of Law No. 7456 published in the Official Gazette on 15 July 2023, starting from 1 October 2023, for declarations to be submitted, the corporate tax rate for gains obtained by corporations in the 2023 tax year and subsequent tax periods has been increased from 25% to 30% for banks and other institutions mentioned in the law. As of 31 December 2023, the corporate tax rate in financial statements is applied at 30%.

The corporate tax rate is applied to the tax base to be found as a result of the addition of non-deductible expenses to the commercial earnings of the companies, the exemption (such as participation income exemption) and deductions in the tax laws. No further tax is paid if the profit is not distributed.

Dividends paid to non-resident corporations, which have a place of business or permanent attorney in Turkey or to resident corporations are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 15%. An increase in capital via issuing bonus shares is not considered as profit distribution and no withholding tax incurs in such a case.

Corporations declare and pay provisional tax based on the prevailing rate on their quarterly financial profits until a new determination is made in accordance with Circular No. 115 of the Tax Procedure Law dated 29 March 2019. The declaration and payment must be made by the 17th day of the second month following the end of that period. Advance tax paid by corporations for the current period is offset against the annual corporation tax calculated on the annual corporate income in the following year. Despite the offset, if there is temporary prepaid tax remaining, this balance can be used to offset any other financial liabilities to the government.

According to 5.1.e. article of Corporation Tax Law which is important tax exemption that is applied by banks, that belong to the corporations at least two years (730 days), 75% of revenues that occur from selling their founding bonds that are belong to the corporations as long as time of participation stocks, redeemed shares and option to call are exempted from Corporation Tax (It was changed with 89th article of code 7061 that entries into force in 5 December 2017. According to dated 23 December 2017 3rd article of Corporation Tax Code (CTC) 14 annunciation this exemption will apply as ratio of 75% for selling that made till the 5 December 2017, after this date it will apply as ratio of 50%).

This exemption applies to the period the sale is made and the part of return on sales that benefits from the exemption is held in a special fund in the liabilities account until the end of the fifth year started from the following year sale is made. However, the sales payment must be collected until the end of the second calendar year following the year in which the sale is made. Taxes which are not realized in time due to the exemption that hits uncollected sales payment are considered tax loss.

Taxes which does not accrue on time because the applying exemption for the transfer of the expented part of revenue to the other accounts with other ways out of capitalizing in five years or withdrawn from company or transferring from limited taxpayer corporations to the headquarters, are considered as tax loss. This is also be applicable in the condition of liquidation of business (Except transfers and divisions that make according to this code).

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XVII. EXPLANATIONS ON TAXATION (Continued)

a. Current tax (Continued)

Moreover, according to 5.1.f. article of Corporation Tax Law; corporations which have been fallen to legal proceedings because of owe to the bank or Savings Deposit Insurance Funds, and their warrantors' real estates, participation stocks, founding bonds, redeemed shares, options to call of mortgagors' revenues that used for against debts or transferring to SDIF, 75% of real estates, and 50% others are exempted from Corporation tax.

Under the Turkish Corporate Tax Law, losses can be carried forward to offset against future taxable income for up to five years. Losses cannot be carried back to offset profits from previous periods. Tax returns are required to be filled and delivered to the related tax office until the end of the fourth month following the balance sheet date and the accrued tax is paid until the end of the same month. Tax returns are open for 5 years from the beginning of the year following the balance sheet date and during this period the tax authorities have the right to audit tax returns, and the related accounting records on which they are based and may issue re-assessments based on their findings. As of the end of the 2021 calendar year, the conditions sought for inflation adjustment in the calculation of corporate tax have been fulfilled, within the framework of the repeated provision of Article 298/A of the Tax Procedure Law. However, with the Law No. 7352 on the Amendment of the Tax Procedure Law and the Corporate Tax Law, published in the Official Gazette dated 29 January 2022 and numbered 31734, the temporary article 33 was added to the Tax Procedure Law No. 213, including the provisional tax periods. Financial statements will not be subject to inflation adjustment for the 2021 and 2022 accounting periods (for those designated as a special accounting period, as of the accounting periods ending in 2022 and 2023) and the provisional tax periods for the 2023 accounting period, regardless of whether the conditions for the repetitive inflation adjustment within the scope of Article 298 are met, it has been enacted that the 2023 financial statements will be subject to inflation adjustment regardless of whether the conditions for the inflation adjustment are met, and the profit/loss differences arising from the inflation adjustment to be made will be shown in the previous years profit/loss account.

As a result of these transactions, VUK depreciation figures that will be subject to corporate tax will be calculated based on the revalued current amounts. In accordance with the relevant legislation, the resulting value increase amounts are shown in a special fund account under shareholders' equity.

b. Deferred tax

The Parent Bank calculates and records deferred taxes in accordance with the Turkish Accounting Standard for Income Taxes (TMS 12), for temporary differences between the accounting policies and valuation principles applied and the tax base values determined in accordance with tax legislation. According to Law No. 7394, published in the Official Gazette dated 15 April 2022, and numbered 31810, which entered into force, and the Law Amending the Assessment of Immovable Properties Belonging to the Treasury and Making Amendments to the Value Added Tax Law, with Additional Provisions in Certain Laws and Decree Laws No. 7456 published in the Official Gazette dated 15 July 2023, and numbered 32249, it was stated that the corporate tax rate for banks would be increased from 25% to 30% starting from the declarations to be submitted as of 1 October 2023, for the profits obtained in the tax year 2023 and subsequent tax years. However, it was previously mentioned that the corporate tax rate for banks for the tax year 2022 would be 25% according to the temporary Article 13 added to Law No. 5520 by Article 26 of the Law Amending Certain Laws and Decree Laws.

Deferred tax liability or assets are determined by calculating the tax effects of the temporary differences between the amounts of assets and liabilities shown in the financial statements and the amounts taken into account in the calculation of the legal tax base, according to the balance sheet method, taking into account the enacted tax rates. In the calculation of deferred tax, the Bank estimates the time when temporary differences will be taxable/deductible and uses enacted tax rates as of the balance sheet date in accordance with the current tax legislation. As the deferred tax assets or liabilities within the scope of TAS 12 are calculated based on the tax rates (and tax laws) that are in effect or nearly effective as of the end of the reporting period (balance sheet date), using the tax rates expected to be applied in the periods when the assets are converted into income or the liabilities are paid, the Parent Bank As of 31 December 2023, deferred tax calculations were made on its assets and liabilities at a rate of 30%. While deferred tax liabilities are calculated for all taxable temporary differences, deferred tax assets consisting of deductible temporary differences are calculated provided that it is highly probable to benefit from these differences by generating taxable profit in the future. Except for goodwill or business combinations, deferred tax liability or asset is not calculated for temporary timing differences arising from the initial recognition of assets or liabilities and which do not affect both commercial and financial profit or loss.

ZİRAAT KATILIM BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 DECEMBER 2023

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XVII. EXPLANATIONS ON TAXATION (Continued)

b. Deferred tax (Continued)

Carrying amount of deferred tax asset is reviewed as of each balance sheet date. Carrying value of deferred tax asset is reduced to the extent that it is not probable that a financial profit will be obtained to allow some or all of the deferred tax asset to be benefited.

Deferred tax is calculated over the tax rates valid in the period when assets are created or liabilities are fulfilled and recorded as expense or income in the income statement. However, deferred tax is associated directly with the equity account group if it relates to assets directly associated with equity in the same or a different period.

Calculated deferred tax assets and deferred tax liabilities are netted off in the unconsolidated financial statements.

The deferred tax effects of transactions accounted for directly in equity are also presented in equity.

As of 1 January 2018, deferred tax assets have been started to be calculated over the expected loss provisions that constitute temporary difference within the framework of TFRS 9 provisions. Deferred tax calculations are not made for free provisions.

XVIII. EXPLANATIONS ON ADDITIONAL DISCLOSURES ON BORROWINGS

The Group recognizes its debt instruments in accordance with TFRS 9 "Financial Instruments" and all financial liabilities are carried at amortized cost by using effective interest rate method. The Bank has no borrowings that require hedging techniques for accounting and revaluation of debt instruments and liabilities representing the borrowings. There are no debt securities issued by the Bank. The Bank has issued borrowings as sukuk issuances, this through its subsidiary Ziraat Katılım Varlık Kiralama A.Ş. and ZKB Varlık Kiralama A.Ş., these sukuk issuances are provided to the qualified investors without being released through an IPO and the bank takes place during this operation as a fund user.

The Group received from TC Ziraat Bankası A.Ş. on 28 March 2019 in the amount of 300.000 TRY; In the amount of 500.000 TRY on 15 April 2021; On 17 November 2021, it provided a loan of TRY 500.000 as a contribution capital.

On 24 April 2019, with the approval of the BRSA on 22 April 2019, the Group obtained EUR 100.000 from Turkey Wealth Fund Market Stability and Balance Sub-Fund; With the approval of the BRSA dated 9 March 2022, on 9 March 2022, an additional capital-like loan of 57.039 Euros has been provided as non-maturing and non-dividend additional core capital.

In the framework of the Capital Markets Board's decision dated 25 October 2023, with the number 63/1380, the issuance document for a lease certificate with a nominal value of 500.000 US Dollars and a maturity of three years to be issued abroad was approved by the Capital Markets Board on 3 November 2023. The maturity date for this issuance is determined as 12 November 2026. Accordingly, the sale transaction of the lease certificate was completed on 6 November 2023, and the issuance amount has been credited to our accounts.

XIX. EXPLANATIONS ON SHARE CERTIFICATES ISSUED

As of the balance sheet date, the Parent Bank has not issued any shares. (31 December 2022: None)

XX. EXPLANATIONS ON ACCEPTANCES

The Group's debt commitments regarding bills and acceptances are accounted for under "Off-balance sheet Liabilities".

Other values deducted from equity	(580.911)	800.084
Amount taken into consideration in the calculation of legal equity	24.251.951	15.901.345

II. EXPLANATIONS ON CREDIT RISK

Credit risk is the possibility of loss that the bank may be exposed due to the partial or complete default of the debtor by not complying to the obligations of the agreement made, or due to the decrease in credit worthiness.

The authority to allocate loans mainly belongs to the Board of Directors, and the limits of the loan customers are determined within the framework of the credit authorization limits of the Head Office Credit Committee and the Board of Directors pursuant to the authority given by the Board of Directors. Limits are allocated by evaluating many factors such as financial and non-financial data of loan customers, loan needs, sectoral and geographical characteristics.

In terms of credit risk, the debtor or group of debtors are subject to risk limitations. The debtor and group of debtors and the risk limitations of the sectors are monitored weekly within the scope of their risk appetite.

The limits for the loan portfolio are determined with the approval of the Board of Directors and revised when necessary. The determined limits are distributed by the relevant Head Office units, taking into account the existing portfolio structure, customer and loan potential, regional and sectoral characteristics, and the competence of the staff.

After the limit is allocated to customers in the commercial portfolio, companies continue to be monitored, and changes in the financial structures and market relations of the companies with funds are monitored.

Documents to be obtained during limit allocation and fund utilization are clearly stated in the legislation, and whether the said documents are obtained in accordance with the legislation is controlled by the inspection units. The Bank considers the collateral important in terms of minimizing the risk and its liquidation. As a result of the credit policies and processes based on obtaining reliable and robust guarantees, the Bank is believed to significantly reduce the credit risk.

The Bank implements the internal rating procedures for the analysis of the credit worthiness of its Corporate/Entrepreneurial loan customers as a decision support system in loan allocation.

The Bank makes provision in conformity with the "Communiqué on Methods and Principles for Determining the Nature of Loans and Other Receivables and Allocation of Provisions".

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira (“TRY”))

**EXPLANATIONS RELATED TO THE FINANCIAL POSITION AND RISK MANAGEMENT
(Continued)**

II. EXPLANATIONS ON CREDIT RISK (Continued)

Identification of limits for domestic and foreign banks are done by rating which is determined by considering the needs of clients and departments together with financial and economic conditions of the banks and their countries.

Treasury operations are executed in the frame of pre-determined authorization and limits, these authorization and limits are monitored.

The expected loss provision (third stage) is calculated for loans belonging to customers classified as non-performing loans in accordance with the the “Communiqué on Methods and Principles for Determining the Nature of Loans and Other Receivables and Allocation of Provisions”, taking into account the guarantees received from the relevant customer.

The percentage of top 100 and top 200 cash loans in the total cash loan portfolio is 39,17% and 50,05% respectively (31 December 2022: 44,48% and 56,41%).

The percentage of top 100 and top 200 non-cash loans in the total non-cash loan portfolio is 46,46% and 56,75% respectively (31 December 2022: 46,44% and 57,74%).

The percentage of top 100 and top 200 cash and non-cash loans in the total cash and non-cash loan portfolio is 35,43% ve 45,75% respectively (31 December 2022: 39,59% and 50,82%).

TFRS 9 expected loss provisions for the loans for the Stage 1 and Stage 2 are amounted TRY 2.156.649 (31 December 2022: TRY 1.121.590)

**EXPLANATIONS RELATED TO THE FINANCIAL POSITION AND RISK MANAGEMENT
(Continued)**

II. EXPLANATIONS ON CREDIT RISK (Continued)

For the foreign banks, the ratings of the Fitch Ratings International Rating Agency is used for determining the risk weights for the risk classes by using a rating grade from the risk classes specified in Article 6 of the Regulation on Measurement and Evaluation of Capital Adequacy of Banks. While the international rating score is taken into consideration for the entire risk class receivables from central governments or central banks, the ratings of the Islamic International Rating Agency (IIRA) are used. The country risk classification published by the Organization for Economic Cooperation and Development (OECD) is taken as basis for unclassified central government and central banks. The counterparties residing domestically are accepted as "Gradeless" and take the risk weight which is appropriate for the "Gradeless" category in the related risk class.

Rating Grades;

1. Receivables from Central Governments or Central Banks
2. Receivables from Regional Governments or Local Governments
3. Receivables from Administrative Units and Non-Commercial Enterprises
4. Receivables from Banks and Intermediary Institutions

are used in risk classes.

In the risk classes of Receivables from Central Governments or Central Banks, Receivables from Regional Governments or Local Governments, and Receivables from Administrative Units and Non-Commercial Initiatives, the grade given by Fitch Ratings International Rating corresponds to the credit quality level 3. The grades used in the Credit from Banks and Intermediary Institutions risk class match with all credit quality levels from 1 to 6.

In order to determine the risk weight of regarding items that export or issuer rating not included to purchase/sale accounts is firstly considered to export rating, and also issuer's credit rating is considered in the absence of export rating.

Exposures by risk weights:

Current Period													Other Risk Weights	Deductions from Equity
	Risk Weights	0%	10%	20%	35%	50%	75%	100%	150%	200%	250%			
1	Exposures before Credit Risk Mitigation	88.321.481	-	12.771.948	7.613.818	10.557.702	24.908.802	127.075.061	867.077	5.795.622	-	395.882		1.614.845

II. EXPLANATIONS ON CREDIT RISK (Continued)

Information in terms of major sectors and type of counterparties:

Impaired Loans; These are loans that are overdue for more than 90 days as of the end of the reporting period or are deemed to be impaired due to their credibility. For these loans, the "Expected Credit Loss" (Third Stage) calculation is made within the scope of TFRS

Non-Performing Loans; Loans that are overdue up to 90 days as of the end of the reporting period, but are not impaired. For these loans, "Expected Credit Loss" (Second Stage) calculation is made within the scope of TFRS 9.

III. RISKS INCLUDED CAPITAL CAPACITY BUFFER CALCULATIONS

According to the Board decision published by the BRSA, the transactions between banks are not included in the Cyclical Capital Buffer rate calculation. In this context, as of 31 December 2023, the cyclical capital buffer rate formed as a result of the calculations made as a result of the Bank's receivables from abroad other than Banks is 0%. The geographical distribution of receivables from the private sector, which is taken into account in the calculation of the circular capital buffer specific to the bank, is explained in the table below:

Current Period 31.12.2023			
Country	Banking accounts RWA	Trading accounts RWA	Total

IV. EXPLANATIONS ON THE CONSOLIDATED CURRENCY RISK

- a) **Whether the Parent Bank is exposed to foreign currency risk, whether the effects of this matter are estimated, whether limits for the daily followed positions are determined by the Board of Directors:**

The Parent Bank's policy is to avoid carrying significant position by means of foreign currency management. Therefore, the Bank is not exposed to significant currency risks. In addition to monitoring the currency risk through the currency risk table created within the scope of the standard method, the "Value at Risk" ("VAR") is calculated for the purpose of monitoring the foreign currency position at the Bank.

Moreover, dealer's positions and limits for foreign exchange transactions are under the authorization of the Board of Directors.

- b) **Hedge against foreign exchange debt instruments and net foreign exchange investments by hedging derivative instruments, if material:**

None.

- c) **Foreign currency risk policy:**

Periodic "Liquidity Gap Analysis" is performed to determine the liquidity risks in the most important foreign currencies in which the Parent Bank operates, the US Dollar and Euro. Also, daily VAR analysis for following the currency risk and within the context of legal reporting, Foreign Currency Net General Position/Shareholders' Equity Ratio and Foreign Currency Liquidity Position are also monitored regularly.

**EXPLANATIONS RELATED TO THE FINANCIAL POSITION AND RISK MANAGEMENT
(Continued)**

V. EQUITY SHARE POSITION RISK ON BANKING ACCOUNTS

Carrying value of share investments, for fair value and quoted securities, comparison with market value if market value is significantly different from fair value

The breakdown of the amount of capital liabilities on the basis of the relevant share investments, depending on the method of calculating the capital obligation selected by the bank from among the approaches allowed to be used in the Communiqué on Credit Risk Standard Method or Communiqué Related to Calculation of Credit Risk Based Approach Based on Internal Grading:

According to the standard method of credit risk, equity investments in banking accounts are TRY 52.913 all of which are 100% risk weighted (31 December 2022: TRY 52.341).

VI. EXPLANATIONS RELATED TO CONSOLIDATED LIQUIDITY RISK MANAGEMENT AND LIQUIDITY COVERAGE RATIO

General principles of liquidity and financial emergency situation management and the related application procedures are considered in the scope of "Regulation for Liquidity Risk and Liquidity and Financial Emergency Situation Management".

Generally participation accounts concentration weighted for 1 month in both banking and participation banking sectors, collecting funds are longer than maturity perceived as an element of risk, in order to reduce the risk, attention showed to the liquidity of maturity group which is due for one month.

The Parent Bank performs Remaining Maturity Analysis for the observation of the maturity structure of the balance sheet, Liquidity Gap Analysis for the monitoring of the liquidity and between periods and Liquidity Stress Test for the evaluation of the Bank's liquidity and in the worst case scenario and the loss associated with it. The main subject of the liquidity stress test is "Sudden Participation Fund Draws" and "Exchange Rate Changes". Besides, in order to compare the Bank's level of liquidity risk with the sector, average remaining maturity balances of Bank-Sector and legal liquidity rates are monitored.

The Bank calculates and reports the liquidity adequacy ratio to BRSA weekly on consolidated basis and monthly on consolidated basis in accordance with "Regulation for Regulation on Banks' Liquidity Coverage Ratio Calculation" issued in Official Gazette numbered 28948 and dated 21 March 2014. The liquidity coverage of the Bank is over the limit values specified in the mentioned regulation. Liquidity Coverage Ratio is above the limit value specified in the regulation.

Also on the purpose of the liquidity risk management, risk limits and threshold determined as a part of risk appetite and daily monitored.

1) Liquidity Risk

a) Basis for the current liquidity risk of the Bank and whether the necessary measures taken, limitations imposed by the Bank's Board of Directors on fund sources that can be used in payment of matured debts and can meet the immediate liquidity need:

The Parent Bank's fund resources consist of mainly participation funds. The bank is gathering funds in the name of participation accounts that the principal and predetermined yield are not guaranteed to paid back to the holder of account, and participation rates to profit or loss that results from funds to be operated are reflected to the related accounts. For this reason, the assets and liabilities of the Bank are compatible with the dividend rates.

The Parent Bank, TRY and FC liquidity meets its needs mostly from the funds collected, internal and external sources that can be used in an emergencies in order to meet the liquidity requirements are monitored periodically, borrowing limits of the markets organized by the Bank and other banks, liquidity levels that can be met. The Bank manages liquidity risk within the regulations of Liquidity Risk and Liquidity and Financial Emergency Management.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

**EXPLANATIONS RELATED TO THE FINANCIAL POSITION AND RISK MANAGEMENT
(Continued)****VI. EXPLANATIONS RELATED TO CONSOLIDATED LIQUIDITY RISK MANAGEMENT
AND LIQUIDITY COVERAGE RATIO (Continued)****1) Liquidity Risk (Continued)**

- b) **Payments, whether assets and liabilities are compatible with the rate of profit, whether the measurement of the probable effects of the actual inconsistency on profitability is done or not:**

Payments, assets and liabilities and profit rates are monitored regularly by the management to track whether it is compatible or not and there is no dissonance whatsoever.

- c) **The banks internal and external sources to meet the short and long-term liquidity needs, unused significant liquidity sources:**

Although the Parent Bank's assets average maturity is longer than collected funds, most of the securities, available for sale and held to maturity, make periodic coupon payment which is no longer than six months and monthly credit receivables payments provide cash flow to the Bank.

- d) **Evaluation of the banks cash flow rates and its sources:**

The Parent Bank's main source is the participation funds, these funds are evaluated at other participation banks and loan placements. The banks most important cash inflows are receivables from banks and financial institutions and regular cash inflows from these institutions are seen as a factor that reduce the liquidity risk. Also monthly installment payments for loans are used to meet the Bank's resource needs.

2) Liquidity coverage ratio

Liquidity coverage ratio, established in order to hold and provide premium liquidity asset stock which is adequately fulfill the banks' net cash outflow, calculated within the scope of "Calculation of The Liquidity Coverage Ratio" regulation that was published by BRSA. Liquidity coverage ratio directly affected by Bank's asset, liability and potential cash inflow and outflow which is derived from off-balance sheet transactions with the level of liquid assets that can be realizable at any time and not mentioned to any collaterals.

The Parent Bank's premium liquidity asset stock; consists of debt securities which is not subjected to any collateral or repurchase agreement transaction and basically export from the Republic of Turkey's Minister of Treasury and Finance along with cash assets and care of Central Bank of the Republic of Turkey's accounts.

The Parent Bank's principal funding source represented by participation funds. Repurchase agreement transaction provided by funds and debts which comes from financial institutions take a part within the external participation fund debt items.

Managing liquidity risk effectively can be possible with preventing the concentrated liquidity asset and liability items. Participation fund, constitutes Bank's main fund source, is provided from numerous customers.

The lowest and highest Liquidity Coverage Ratios in the fourth quarter of 2023 are listed in the table below.

VII. EXPLANATIONS ON CONSOLIDATED LEVERAGE RATIO

As of 31 December 2023, the leverage ratio of the Group's calculated from the average of three months is 4,40% (31 December 2022: 5,39%). The relevant ratio is above the minimum rate specified by the Regulation on Measurement and Assessment of Leverage Level of Banks. The reason for the change between the current period and the previous period's leverage ratio is that the average total risk increase rate is higher than the increase in average capital. The regulation stipulated the minimum leverage ratio as 3%.

Leverage ratio disclosure as follows:

	Current Period ^(*) 31.12.2023	Prior Period ^(*) 31.12.2022
Balance sheet assets		
Balance sheet assets (Except for derivative financial instruments and credit derivatives, including warranties)	365.393.064	201.004.100
(Assets deducted from main capital)	(2.841.169)	(665.966)

VIII. EXPLANATIONS ON SECURITIZATION POSITIONS

None.

IX. EXPLANATIONS ON RISK MANAGEMENT

Notes and explanations in this section have been prepared in accordance with the “Communiqué On Disclosures About Risk Management to be Announced To Public By Banks” that have been published in Official Gazette no. 29511 on 23 October 2015 and became effective as of 31 March 2016. Due to usage of standard approach for the calculation of capital adequacy by the Bank, tables that need to be prepared within the scope of Internal Ratings Based (“IRB”) have not been presented.

Within the scope of risk management, there are many risks that affect the Bank’s financial performance significantly. These risks include the risk of credit risk, market risk, operational risk, liquidity risk and profit share ratio arising from banking accounts. Risk management strategy is based on the mission and vision of the Bank and is aimed to respond to customers’ financial needs in the most appropriate way and to support their financial success. In this context, business practices and working model support prudent risk management practices.

Internal bank risk appetite has been established and is periodically shared with top management in order to follow the specified risks. In addition, detailed risk management reports, including stress tests and scenario analyzes, where all risks are analyzed in detail, are reported to the Audit Committee.

Scenarios such as sudden changes in the curriculum, changes in country grades, changes in the loan portfolio are taken into account in the stress tests conducted.

The capital adequacy ratio is followed up by the simulation method on a daily basis although it is followed up within the monthly period which is the legal submission period. The liquidity coverage ratio of the bank is monitored daily by the risk management and is shared with the top management of the bank and the treasury unit.

In order to create a common risk culture in our bank, our bank employees are given risk management training and strategically important units have detailed explanations about the importance of risk management. Risk management policies and procedures, banking regulations based on significant risks, are available to all employees working in the Bank.

The Bank is developing a system for risk measurement methods. In the present case, standard methods are generally used in the calculations and preparations are made for advanced methods with the growth of our bank. All risk processes are closely monitored.

Explanations on differences between risk amounts and valued amounts in accordance with the Turkish Accounting Standards

There is no significant difference between financial statement values of assets and liabilities and values included in capital adequacy calculation.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

**EXPLANATIONS RELATED TO THE FINANCIAL POSITION AND RISK MANAGEMENT
(Continued)****IX. EXPLANATIONS ON RISK MANAGEMENT (Continued)****3. Credit Risk Explanations****3.1) General information on credit risk****a) General qualitative information on credit risk**

Effective management of credit risk is one of the important elements of a comprehensive approach to risk management. Corporate, retail and SME loans, financial lease receivables, other elements of bank assets and non-cash transactions, which are provided in connection with the activities of our bank, constitute the basis of the items that constitute credit risk. It is important to take into account the risk appetite of our bank in the activities carried out in this direction, in terms of effective credit risk management.

Credit risk limits; It has been designed in accordance with the risk levels the Bank may take, its activities, the size and complexity of its products and services, and was determined by taking the opinions and suggestions of the General Manager, the Audit Committee and the relevant Senior Managers. Limits are regularly reviewed and monitored periodically, adapted according to changes in market conditions, Bank strategy and risk appetite. In addition to taking into account our legal requirements while creating credit risk policies, our current credit performance was reviewed and a policy was created in line with the Bank's strategies and objectives.

Credit risk calculations are made carefully and meticulously and controls are carried out in accordance with the legislation. Currently, calculations are made with the standard method, and infrastructure studies are ongoing for the use of advanced methods. Credit risk calculations and applied methods are also monitored by internal control and audit units, and legal requirements are taken into account at every stage.

Detailed reports including the credit risk exposure and its relations with other risks are periodically shared with the Board of Directors and Senior Managers, and the credit risk is effectively monitored by the risk management unit.

i. Differences between definitions and explanations of "deferred" receivables and receivables for which "provision was allocated", and definitions of "deferred" and "provision of allocation", if any

The Bank classifies its credits and other receivables and allocates expected loss provisions pursuant to the "Communiqué on Methods and Principles for Determining the Nature of Loans and Other Receivables and Allocation of Provisions" published in the Official Gazette no. 29750 dated 22 June 2016. The term "Deferred Receivables" is used for credits named "Loans under Close Monitoring" whose maturity is deferred for up to 90 days as of the end of period without any impairments as well as for credits named "Non-Performing Loans" whose maturity is deferred for more than 90 days or subject to impairment. In practice, the Bank sets expected credit loss provisions for the stage 1 and stage 2 for credits classified as "Standard Credits" and "Under Close Monitoring" and expected loss provisions for the loans for the stage 3 for credits classified as "Non-Performing Loans".

ii. The portion that is not considered within the scope of "allocation of provision" among deferred receivables (over 90 days) and reasons for this practice

The Bank automatically transfers the loans over 90 days past due to the follow-up accounts in accordance with the provisions of the Regulation on Provisions and allocates the provision for the relevant class.

iii. Definitions of methods used for determining provision amount

The Bank sets expected loss provisions for loans and other receivables in accordance with the regulations stated by the Communiqué published on the Official Gazette numbered 29750 and dated 22 June 2016 on "Methods and Principles on Determining the Nature of Loans and Other Receivables and Allocation of Provisions". However, there is no provision in the relevant Regulation and the relevant explanations of the BRSA that prevents the provision of more than the minimum amounts required.

Breakdown of restructured receivables by allocation of provision

Out of the Group's total restructured loans amounting to TRY 3.212.990, a portion of TRY 3.199.230 consists of performing loans and remaining portion of TRY 13.760 consists of non-performing loans. The total amount of first and second stage expected loss provisions allocated for non-performing loans is TRY 483.196 and the third stage expected loss provision for non-performing loans is TRY 348. (31 December 2022: Out of the Group's total restructured loans amounting to TRY 1.715.422 a portion of TRY 1.670.251 consists of performing loans and remaining portion of TRY 45.171 consists of non-performing loans. Total first and second stage expected loss provision for structured loans is TRY 149.960 and third stage expected loss provision amount allocated for non-performing loans is TRY 6.762.)

3.2) Credit risk mitigation

a) Qualitative requirements to be disclosed to public regarding credit risk mitigation techniques

In the collateralization transactions related to the lending processes of the Bank, the issues that may pose a risk from now on are taken into consideration. In the bank collateral policy, risks are now managed by taking into account all risks such as failure to seize the received collateral in time or not being able to convert it into cash, refusal or delay of payment by the guarantor, failure of credit documents whose legal validity has not been sufficiently investigated to achieve the desired legal result.

Transactions carried out by the Bank within the scope of market risk are not subject to collateral.

Financial collaterals are taken into consideration in credit risk mitigation in the Bank, and real estate mortgages are not considered as collateral as a rule. Mortgage-backed receivables are a separate risk class, and the financial collaterals used in the Bank consist of cash blockage, loan guarantee fund and assignment of arising public receivables.

(*) Based on the BRSA's article on "Pandemic Measures Time Extension" dated 08.12.2020, the simple arithmetic average of the Central Bank's foreign exchange buying rates of the last 252 business days before the calculation date has been used in the calculation of the Credit Risk Subject Amount. Therefore, the figures in the Credit Risk Mitigation Techniques table show a foreign exchange difference of 12.798.072 Thousand TRY in "Loans", 1.924.399 Thousand TRY in "Borrowing Instruments" and 85.229 Thousand TRY in the "Defaulted" category.

3.3) Qualitative explanations on ratings used by banks while calculating credit risk with standard approach

a) Qualitative explanations to be made about the rating grades used by banks when calculating credit risk with a standard approach

The Parent Bank uses the ratings given by the Fitch Ratings International Rating Agency in the risk classes of Receivables from Central Governments or Central Banks, Receivables from Regional Governments or Local Governments, and Receivables from Administrative Units and Non-Commercial Enterprises. Receivables from Banks in the risk class, Fitch Ratings notes are used for Receivables from Resident Banks, and no rating agency notes are used for receivables from domestic resident Banks. While our country grade used for Receivables from Central Governments or Central Banks, Receivables from Regional Governments or Local Governments and Receivables from Administrative Units and Non-Commercial Enterprises corresponds to 3 in the Credit Quality Level, the notes used in the Receivables from Banks and Intermediary Institutions risk class are from 1 to 6 matched with credit quality tiers.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

(Unless otherwise stated amounts are expressed in thousands of Turkish Lira ("TRY"))

**EXPLANATIONS RELATED TO THE FINANCIAL POSITION AND RISK MANAGEMENT
(Continued)**

X. EXPLANATIONS ON RISK PROTECTION PROCEDURES

It is essential to limit the risk levels to limits compatible with the risk profile and risk tolerance in order to prevent the Bank from being affected by the adverse events that may occur while conducting its operations.

Risk limits are determined by taking the opinions and suggestions of the General Manager, Audit Committee and relevant Senior Managers and approved by the Board of Directors.

Risk limits; it has been determined in accordance with the risk levels, activities, size and complexity of its products and services that the Bank can take. Limits are regularly reviewed and monitored periodically, adapting to changes in market conditions, the Bank's strategy and risk appetite.

In addition, derivative transactions are carried out at the Bank and FC and TRY liquidity risk is limited by the transactions performed.

1) Credit risk under IRB (Internal Rating Based) Approach

Within the scope of the footnotes and related explanations prepared in accordance with the "Communiqué on Public Disclosure by the Banks" published in the Official Gazette dated 23 October 2015 and numbered 29511 by the BRSA and entered into force as of 31 March 2016, it is given annually and quarterly. The following required tables are not presented as of 31 December 2023 as the standard approach is used in the calculation of the Bank's credit risk:

Qualitative information regarding IRB to be disclosed to the public

IRB - Credit risk amounts based on IRB and Portfolio and PoD (Probability of Default) range

IRB - Effect of credit derivatives used as CRM (Credit Risk Mitigation) technique on RWA (Risk Weighted Amounts)

Statement of changes in RWA under IRB approach

IRB - Retrospective testing of default probabilities in each risk class

IRB (Specialized loans and stock investments subject to basic risk weight approach)

XI. EXPLANATIONS ON COUNTERPARTY CREDIT RISK

a) Qualitative explanations on counter party credit risk

In an attempt to identify the counter party credit risk that the Parent Bank may face, risk measurement and monitoring activities are performed and their results are considered in strategic decision-making process.

As part of the Parent Bank's counter party credit risk management, the functions of identification, measurement, monitoring and controlling of counter party credit risk are conducted in line with the structure, size, complexity and growth rate of products and activities, and the analysis, including stress test, and its results are reported to the Top Management.

It is essential that the Parent Bank manages the counter party credit risk level in a manner that keeps it above the minimum limits specified in the legal regulations.

Parent Bank risk measurement system; it takes measures to operate in a reliable and integrity manner compatible with legal regulations, fields of activity and product types, and to maintain it accordingly. In this context, as a minimum, for counter party credit risk measurement and monitoring activities; calculation of counter party credit risk weighted asset amount and legal capital requirement, and monitoring of the Bank's compliance level with regard to allocated limits are carried out

4. Explanations on Securitization Disclosure

The Bank does not have any securitization positions as of 31 December 2023. (31 December 2022: None).

5. Explanations on Market Risk

a) Qualitative information about market risk to be disclosed to the public

Within the framework of BRSA's regulations, the Parent Bank ensures effective management of market risk and market concentration risk arising from market risk components, in accordance with the volume, nature and complexity of its activities, taking into account the best practices

The Parent Bank ensures that measurement, monitoring, limitation, stress test and scenario analysis studies are carried out in accordance with the structure and complexity of its positions regarding market risk management and the results are reported. It is essential that new products and services are evaluated in terms of market risk.

In this context, as a minimum;

- Follow-up of the Parent Bank's accounts and positions subject to market risk and market developments affecting the value of these accounts and positions on a minimum daily basis,
- Amount calculations based on market risk to which the Bank is exposed within the framework of trading accounts,
- Analysis of the effects of up and down normal and extraordinary movements in the markets on the Bank's accounts and positions subject to market risk,
- Backtest analysis of internal models used for monitoring purposes in calculating the amount subject to market risk,
- Regarding market risk, risks limits are regularly calculates and followed up.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS OF
31 DECEMBER 2023**

**EXPLANATIONS RELATED TO THE FINANCIAL POSITION AND RISK MANAGEMENT
(Continued)****XI. EXPLANATIONS ON COUNTERPARTY CREDIT RISK (Continued)****5. Explanations on Market Risk (Continued)****a) Qualitative information about market risk to be disclosed to the public (Continued)**

In the Parent Bank, the Board of Directors, Audit Committee and the General Manager fulfill their duties, powers and responsibilities within the scope of market risk management within the framework defined in the legislation. All Units, including the Units within the Scope of Internal Systems, fulfill their duties, powers and responsibilities within the scope of market risk management within the framework of the Regulation on Internal Systems of Banks and Internal Capital Adequacy Assessment Process and their own Regulations.

In order to reveal the market risk that the Parent Bank may encounter, it is essential to carry out risk measurement and monitoring activities and to consider the results in the strategic decision-making process of the Bank.

Within the framework of these principles, at least the following analyzes are made for measurement and monitoring activities.

As a minimum within the scope of Market Risk:

- Standard Method: It is made in accordance with the Market Risk Reporting Set statements published by the BRSA.
- Value at Risk Analysis: Historical Simulation is performed using Parametric, Exponentially Weighted Moving Average (EWMA) or a different method deemed appropriate by the Bank.
- Internal Capital Requirement: Parameters determined by the BRSA and / or the Bank that may affect the financial strength of the Bank and the level of capital that will meet the risks the Bank is or may be exposed to, with stress tests and / or scenario analysis related to these parameters, a future perspective It is calculated using appropriate methods

6. Explanations on the Operational Risk

In the Parent Bank, Amount subject to Operational Risk is calculated with Basic Indicator Approach based on yearly. The parameter which determines the amount subject to operational risk in Basic Indicator Approach is gross revenue. Yearly gross revenue is calculated by adding net interest incomes to net fees and commission income, dividend income, trading profit/loss (net) and other operating incomes and also by deducting profit/loss gained from sale of securities monitored out of purchase-sale account, extraordinary incomes, operating expense made against support service and amounts compensated from insurance.

XIII. EXPLANATIONS ON THE FAIR VALUE REALIZATION OF FINANCIAL ASSETS AND LIABILITIES

a) Information regarding the fair value of Financial assets and liabilities:

Current Period 31.12.2023	Book Value	Fair Value
Financial Assets	315.155.784	307.458.370
Due from Interbank Money Market	-	-
Banks	13.029.805	13.029.805
Financial Assets Measured at Fair Value Through Other Comprehensive Income	16.686.343	16.686.343
Financial Assets Measured at Amortised Cost	21.830.294	13.246.397
Loans	263.609.342	264.495.825
Financial Liabilities	340.569.660	339.697.685
Bank Deposits	6.109.325	6.109.325
Other Deposits	298.262.949	298.262.949
Funds Borrowed from Other Financial Institutions	14.911.013	14.039.038
Issued Marketable Securities	19.379.829	19.379.829
Miscellaneous Payables	1.906.544	1.906.544

Prior Period 31.12.2022	Book Value	Fair Value
Financial Assets	185.960.864	183.201.517
Due from Interbank Money Market	-	-
Banks	13.251.320	12.933.668
Financial Assets Measured at Fair Value Through Other Comprehensive Income	19.810.297	19.810.297
Financial Assets Measured at Amortised Cost	5.323.943	4.212.737
Loans	147.575.304	146.244.815
Financial Liabilities	185.194.264	185.103.964
Bank Deposits	4.793.348	4.793.348
Other Deposits	168.345.749	168.345.849
Funds Borrowed from Other Financial Institutions	9.995.177	9.904.777
Issued Marketable Securities	-	-
Miscellaneous Payables	2.059.990	2.059.990

Receivables from money markets, receivables from banks and bank deposits are of short term nature, therefore carrying values are considered as fair value.

In determination of book and fair value of available-for-sale securities, market prices are taken into consideration. If these securities are not traded in an active market, the indicator prices calculated by CBRT are taken into account.

The fair value of loans and other deposits represent the sum of the cost and the accrued interest

b) Information on fair value measurements recognized in the financial statements:

According to TFRS 7 "Financial Instruments: Explanations" Standard, the accounts recognized with the fair value in the balance sheet should be presented and classified sequentially in the related notes. Respectively, such financial instruments are classified in three levels representing the importance of the data used during for the measurement of fair values. At level one, the financial instruments whose fair values are determined with the recorded prices in the active markets for the assets and liabilities with identical fair values; at level two, the financial instruments whose fair value is based on the directly or indirectly observable market indicators and at level three; the financial instruments whose fair value is not based on the directly or indirectly observable market indicators are considered. The financial instruments which are recognized with their fair values at the Bank's balance sheet, are presented with respect to such basis of classification in the table below.

1.a.1) Information on Required Reserves

According to the CBRT's "Communiqué No 2013/15 on Required Reserves", the Parent Bank maintains required reserves at the CBRT for its Turkish and foreign currency liabilities. Required reserves can be kept in Turkish Lira, USD, EUR and standard gold in accordance with the "Communiqué on Required Reserves" at the CBRT.

Banks establish required reserves at the Central Bank of the Republic of Türkiye for their Turkish Lira and foreign currency liabilities specified in the aforementioned communiqué. Establishment of required reserves begins on Friday, two weeks after the liability calculation date, and lasts for 14 days. Required reserves can be kept in Turkish Lira, USD, EUR and standard gold in accordance with the "Communiqué on Required Reserves" at the Central Bank of the Republic of Türkiye. Required reserve ratios vary according to the maturity structure of the liabilities and are applied between 3% and 8% for Turkish Lira deposits and other liabilities, and between 5% and 26% for foreign currency deposits and other liabilities.

Within the scope of the Communiqué No. 2021/14 on Supporting the Conversion of Turkish Lira Deposit and Participation Accounts, the conversion rate from foreign currency deposit accounts in US dollars, Euros and British Pounds and participation fund accounts in foreign currency to time deposits and participation funds in Turkish lira as of the obligation date of 2/9/2022 It has been decided not to apply an annual commission of 5% to the banks that have reached the 5% level and the 50% level as of the 2/9/2022 obligation date, up to the amount to be kept for their liabilities until the end of 2022

I. EXPLANATIONS AND NOTES RELATED TO CONSOLIDATED ASSETS (Continued)

6. Information related to loans (Continued)

m) Information on liquidating policy of uncollectible loans and other receivables

Execution proceedings are carried out for the collection of receivables from loan services of Bank. During this process, tangible guarantees constituting guarantees of receivables of the Bank and assets of the debtor(s) are realized while receivables of the Bank are also tried to be collected and liquidated by means of administrative procedures.

n) Explanations on write-off policy

The Bank writes off the receivables from its records with the actualized circumstances of deaths of the debtor and/or the related people, refusals of the heritage by the heritors within the legal time limits, becoming legally and effectively impossible of the collection of the receivable, and the given financial accountability decision on the related personnel of the considered receivable.

8. Information on provisions (Continued)

c.3) Information on litigation provisions

A provision of TRY 89.976 has been set aside in the financial statements for lawsuits that have not yet been finalized against the bank (31 December 2022 TRY 86.915).

d) Information on provisions for employee benefits

d.1) Employment termination benefits and unused vacation rights

Under the Turkish Labor Law, the Bank is required to pay termination benefits to each employee who has completed at least one year of service, excluding resignation or misconduct, whose employment is terminated without due cause, is called up for military service, dies or retires or earns the right to retire. As of 31 December 2023, leave provision amounting to TRY 44.385 (31 December 2022: 28.175 TRY) and severance pay provision of TRY 202.704 were recorded in the Employee Rights Provision account in the financial statements (31 December 2022: 125.764 TRY).

The Bank uses actuarial method in the calculation and recognition of severance pay with in the standard of TAS 19 – “Turkish Accounting Standard on Employee Benefits.

The Bank used its own parameters in the calculation of the total liabilities which were calculated with the actuary assumptions.

	Current Period 31.12.2023	Prior Period 31.12.2022
Discount Rate (%)	%24,60	%9,20
Inflation (%)	%22,16	%8,66

Movements in the reserve for employment termination benefits during period are as follows:

	Current Period 31.12.2023	Prior Period 31.12.2022
Balance at the 1 January	125.764	26.259
Total Provisions During the Period	46.941	266.967
Paid During the Period	(3.549)	(834)
Actuarial loss/(gain)	33.548	(166.628)
Balance at the end of the period	202.704	125.764

d.2) Retirement Benefits

Based on the results of the actuarial report, which is calculated with the actuarial ratio 9,80% as determined in the Law numbered 5754, published on the Official Gazette dated 8 May 2008 and numbered 26870, as of 31 December 2023, no technical deficit has been reported.

As of the balance sheet date, the Bank's liability for the benefits to be transferred to SGK is the estimated amount of payment that will be required to be made during the transfer to SGK. The actuarial parameters and the results used in the measurement of this amount reflect the provisions of Law No. 5754 on the pension and health benefits to be transferred to the SGK (9,80% real discount rate, etc.) published in the Official Gazette dated 8 May 2008 and numbered 26870

j) Profit reserves and profit distribution

Legal reserves are divided into first and second reserves in the Turkish Commercial Code ("TCC"). Primary legal reserves are separated from profit at the rate of 5% until the total reserves reach 20% of the paid-in capital. Secondary legal reserves are set aside at the rate of 10% over cash profit distributions exceeding 5% of the paid-in capital

At the Bank's Ordinary General Assembly meeting held on 3 August 2023, it was decided to distribute the profit for 2022 as follows:

Profit distribution table for 2022:

Profit for the year 2022	3.840.272
A - 1st Tier general legal reserves (TTK 519 / A) 5%	192.013
B - First dividend to shareholders	-
C - Extraordinary reserves	3.648.259
D - Special funds	-
